- Splash Guards
- Heavy Duty Brake Line and Cable Brackets
- Base Carrier Bars and Soft Cover/Support Bars/Ski Holder Attachment

Genuine Volkswagen Accessories installed by an authorized Volkswagen dealer are covered for the greater of: (1) the warranty period of 2 years or 24,000 miles, whichever occurs first; or (2) the remainder of the New Vehicle Limited Warranty period (3 years or 36,000 miles, whichever occurs first). See dealer for details.

©2016 Volkswagen of America, Inc. Printed in the U.S.A. Volkswagen of America, Inc., believes the specifications in this document are accurate. However, Volkswagen reserves the right to change these specifications at any time. Some features may be unavailable when your vehicle is built. Some vehicles are pictured with options that may be available at extra cost or may not be available on some models. The vehicle shown includes the equipment you ordered. Tires are supplied and warranted by their manufacturer. “Volkswagen,” the Volkswagen logo, “Car-Net,” “CC,” “DSG,” “TSI,” and “4MOTION” are registered trademarks of Volkswagen AG. “Tiptronic” is a registered trademark of Volkswagen AG. “Bluetooth” is a registered trademark of Bluetooth SIG, Inc. “iPhone” is a registered trademark of Apple, Inc. All rights reserved. iPhone is not included. License plate frames by Camisasca Automotive Manufacturing are covered by a Camisasca limited warranty. “MojoMats®” and “Monster Mats®” are registered trademarks of Volkswagen Group of America, Inc. Volkswagen navigation depends on the signals from the worldwide Global Positioning Satellite network. The vehicle’s electrical system, and the system’s programming and software design, must all be properly functional in order for the system to function. The system is designed to provide you with suggested routes to location addresses, destinations, and other points of interest. Changes in street names, construction zones, traffic flow, points of interest, restaurants, and other factors can affect system performance. The system generates route suggestions based on your entry. Volkswagen makes changes to the navigation mapping software to keep pace with developments in technology and the evolution of the mapping technology. As a result, in some cases, the mapping data will differ from your actual location. The system also relies on the availability of mapping data on the DVD being used. Changes to the mapping data are necessary to provide the best navigation information available to us. These will be available for purchase from time to time at additional cost.

For further information regarding any Volkswagen model, please call 1-800-DRIVE-VW, or just look us up at vw.com.
Craftsmanship. Style. Power. Sophistication. And that’s just the foundation. The CC was designed with an eye for detail that feels intuitive. From innovative technology available at your fingertips to a turbocharged 200-hp engine, the CC can deliver in many ways. So you can drive luxury, the Volkswagen way.

As luxe would have it.
Luxury has found its soul mate. All-stunning curves and modern lines, the CC packs the performance of a turbocharged sedan in the sleek body of a 4-door coupe. The CC offers luxe details like available 18" alloy wheels, an integrated rear spoiler, and available power-folding side mirrors with memory function that discreetly tuck themselves away.

FEATURES
Rain-sensing wipers
Frameless door design
Integrated rear spoiler

AVAILABLE FEATURES
Bi-Xenon headlights with LED Daytime Running Lights (DRL)
These headlights create bright beams of light to help improve visibility, lasting longer and using less energy than halogen bulbs. The LED Daytime Running Lights add style to your CC.

LED taillights
The LED taillights on the CC have been reimagined with precise contours that perfectly flow with its design lines. The bright illumination also helps rear drivers know that you’re applying the brakes.

Panoramic sunroof
Take a drive on the brighter side of life. Tilt up the available panoramic sunroof and let the sun shine in and out.

Your wish list just became your have list.

vw.com/models/cc/section/design
Bells and whistles. Performing in concert.

Skip into the ergonomic command center of the CC and use its push-button start* to access luxury, technology, and entertainment. Get your hands on everything from dual-zone climate control to leatherette seating surfaces.

FEATURES

- Leatherette seating surfaces
- Keyless access with push-button start*
- 12-way power front seats
- Frameless auto-dimming rearview mirror

AVAILABLE FEATURES

- Leather seating surfaces
- Climatronic® dual-zone automatic climate control
- Some like it hot. Some like it cold. Thankfully, with dual-zone climate control, you and your passenger can sit in your own comfort zone.
- Premium color multi-function trip computer
  Conveniently positioned directly in front of you on the dashboard, it’s a quick way to view important trip information.

vw.com/models/cc/section/design

See Owner’s Manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces.
Touchscreen navigation serves as your central source of information, communication, and support in the cabin of your CC. At the center of your mobile universe, Volkswagen Car-Net® App-Connect® can display select apps from your compatible smartphone directly onto your touchscreen for easy access.

**FEATURES**

**Volkswagen Car-Net connected car suite**

- SiriusXM® Satellite Radio
- SiriusXM® Traffic
- SiriusXM® Travel Link™
- 3-month trial subscription**

**Volkswagen Car-Net® App-Connect®**

With Car-Net App-Connect®, you link your compatible smartphone with Apple CarPlay™, Android Auto™, or MirrorLink® to use select apps on the touchscreen display of your Volkswagen. *From streaming music to mobile maps, it can be accessed on the touchscreen.

**Bluetooth® technology with audio streaming**

Connect your compatible smartphone or other device for talking and streaming. This way you can handle business without missing a beat.

**Touchscreen navigation**

With a touch of the 6.33-inch display, a wealth of information comes to light. You can access maps, points of interest, and vehicle information. Just lift a finger, but just the one.

**Rearview Camera System**

The rearview camera can help you see obstacles when backing up, and it can make parallel parking easier.

**Forward Collision Warning and Autonomous Emergency Braking (Front Assist)**

Sensors in the front of your CC help alert you if you are approaching another vehicle too quickly. If you fail to brake enough, the available system can boost the braking pressure. If you don't brake at all, Front Assist automatically steps in and applies the brakes to help reduce the severity of a potential impact.

**Lane Departure Warning (Lane Assist)**

This available system helps warn you in certain conditions if it detects that you're driving outside of your lane without the use of a turn signal. If you happen to move outside of your lane, the corrective steering feature will automatically adjust your steering to help keep you in the proper lane.

**Adaptive Cruise Control (ACC)**

Keep things under control with available ACC, which is designed to help keep your car at a relative distance from the vehicle in front of you.

---

*Always pay careful attention to the road and do not operate distracted. Not all features available on all operating systems. Standard test and usage data usage apply. App-Connect features require compatible device, operating system, and mobile apps. See mobile device and app providers for terms and privacy. Android Auto is a trademark of Google Inc. Apple CarPlay is a trademark of Apple Inc. MirrorLink is a trademark of MirrorLink Inc. SiriusXM audio and data services each require a subscription sold separately, or as a package, by Sirius XM Radio Inc. If you decide to continue service after your trial, the service will be charged automatically at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. †Driver Assistance features are not substitutes for attentive driving. See Owner’s Manual for further details and important limitations.

*Always obey local speed and traffic laws.
Intelligent Crash Response System (ICRS)
In the event of a collision that deploys the airbags, the ICRS can turn off the fuel pump, unlock the doors, and activate the hazard lights. It helps react if you might not be able to.

Safety cage
Front and rear crumple zones help absorb crash energy, while a rigid safety cage helps deflect it away from the driver and passengers.

Tire Pressure Monitoring System (TPMS)
Monitoring and maintaining proper air pressure in your tires helps with efficiency* and safety. The TPMS helps alert you to a loss of tire pressure so you know when to add air.

Seven stability-enhancing systems
From Electronic Brake-pressure Distribution (EBD), which helps maintain appropriate stopping power during a hard-breaking situation, to Electronic Stability Control (ESC), which can adjust engine throttle and apply corrective forces to the wheels that need them most, there are in total seven stability-enhancing systems at your service.

Intelligent Crash Response System (ICRS)**
In the event of a collision that deploys the airbag, the ICRS can turn off the fuel pump, unlock the doors, and activate the hazard lights. It helps react if you might not be able to.

Automatic Post-Collision Braking System
Not every collision brings a car to a stop. That’s why our vehicles include the Automatic Post-Collision Braking System. It can help bring your car to a stop after a collision, helping reduce the chance of additional impacts.

Brake Disc Drying
When it’s raining outside, this system wipes water off the disc brakes to help them remain dry. And it’s activated simply by turning the windshield wipers on.

Even 360 degrees of luxury has a serious side.
A lot goes into the CC before you do. From a steel safety cage with thermoformed B-pillars to seven advanced stability-enhancing systems, the premium design of the CC wouldn’t be complete without the luxury of peace of mind.

*22 city/31 highway mpg (2017 CC 2.0L, 6-speed automatic transmission). EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. **The Intelligent Crash Response System (ICRS) only activates in a collision where the airbags deploy or safety belt pretensioners activate. Not all collisions cause airbags to deploy or safety belt pretensioners to activate. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.
**CC Specs**
